Train & Co., No. 121 St. Patrick Street, Cork, Ireland.

These magnificent Ships are ALL AMERICAN BUILT and constructed expressly for Packets. They are all NEW and of the FIRST Class, being built on the most improved principles and of the best materials. They possess all the modern improvements which conduce to health and comfort, as a superior system of lighting and ventilating, the very best Provisions, and a careful medical superintendence.

The Captains have been carefully selected as first-rate sailors and men of humanity, and an experienced Surgeon is attached to each Ship, and no expense is spared to render this the best and most popular conveyance to America. As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY.)

Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

(Signed) ✝ JOHN B. FITZPATRICK,
Bishop of Boston.

ZINC PAINTS.

THE NEW JERSEY ZINC CO. are prepared to execute orders for their valuable WHITE ZINC PAINT, which is now acknowledged to be superior to lead in WHITENESS, BRILLIANCY and DURABILITY, either for inside or outside use. And as it is now cheaper and will cover a much greater surface than Lead, using equal weights, and is not poisonous, it recommends itself, both on the score of health and economy.

A method of preparation has recently been discovered which enables the Company to warrant their Paints to keep fresh and soft in the kegs for any reasonable time. In this respect their Paints will be superior to any other on the market.

Their BROWN ZINC PAINT, which is sold at a low price, is now well known for its protective qualities, when applied to iron or other Metallic surfaces.

Their STONE COLOR PAINT possesses all the properties of the Brown, and is of an agreeable color for Painting Cottages, Depots, Out Buildings, Bridges, &c.

Their Paints, which are sold Dry or Ground in Oil, are warranted pure, and put up in Kegs of 25, 50, 100 and 200 lbs., to be used precisely like White Lead.

For Sale by the principal Dealers of the United States, or by MANNING & SQUIER, Agents,

NEW AND IMPROVED SEWING MACHINES.

THE AMERICAN

Magnetic Swing Machine Co.,

NOW OFFER FOR SALE AT THEIR ROOMS

387 Broadway, N. Y.,

By far the most perfect and valuable Sewing Machines that have yet been invented.

THE PUBLIC are respectfully invited to call at the rooms of the Company, and examine the operation of the most superior machine ever presented to their notice.

It is the result of three separate inventors, each of whom distinct in himself, claims originality. The first of whom is ELIAS HOWE, the first inventor of Sewing Machines, who introduced the shuttle movement, without which every machine is comparatively useless. The next was THOMPSON, who adapted the machine to certain portions of tailors' work, and Mr. COON, by means of the peculiar formation of the shuttle combined with other recent improvements of his own invention, has made a machine capable of doing any and all work that can be effected by means of the needle. The machine now offered for sale presents the following distinct and peculiar features:—

1st. It is extremely simple in its construction, and in no way liable to get out of order.

2d. The stitches are uniform, perfect, and present a beautiful appearance never before attained by any machine.

3d. The sewing done by this machine is *warranted* never to rip or ravel—a frequent cause of complaint heretofore from those owning machies of a different character.

4th. Any and all kinds of work can be done on our machine with unusual facility—silk, linen, cotton, or woolen fabrics and leather, each present the same beautiful appearance.

5th. By means of friction rollers the thread can be made tight or loose upon the cloth at the will of the operator.

6th. The length of the stitches can be graduated with mathematical exactness by the operator, from the fine and delicate stitch requisite in shirt making, linen, bosoms, collars, ornamental work, etc., up to the coarsest stitch taken in sole leather, etc.

7th. The finest curvature can be worked, and beautiful designs of flowers, baskets of fruit, representations of beasts, birds, etc, can be as elegantly and elaborately worked by the aid of this machine as by the most skillful seamstress in existence.

The American Magnetic Sewing Machine Co., Have determined to sell the best Sewing Machine in existence, and have succeeded beyond their warmest anticipations. The speed of the machine is also a great feature that must secure the attention of the purchaser. It will take with ease

FIVE HUNDRED STITCHES PER MINUTE!

For further information please call at the rooms of the Company, or address the Secretary at the office, 397 Broadway. JAMES T. AMES, President.

City Auction Room,

March 1st, 1854.

SPRING COMES IN UPON US THIS MORNING, and no doubt we all hail it with pleasure. Yet we have no complaint to make of the winter that has just passed, for we have all enjoyed health and prosperity; but new ideas, and new designs, and new promises always follow with the fresh breezes of Spring. We are now ready to enter upon our duties with delight, and forget and forgive the past, and in view of it all, I would remind my old and new acquaintances that I continue in the

General Auction and Commission Business,

at the old stand, No. 149 East Water Street, (where I have been for years,) ready to attend to all business of every character and description, which may be given in my charge.

I have been engaged for a long time in said Auction Business and have endeavored to do right, yet in many instances, I may have erred. My arrangements for the present year will be somewhat different. I design to finish off the Second Story, with a Stairway from the Front, for a

REAL ESTATE ROOM,

where a Register will be kept of all the Real Estate which may be left with me for sale, and their prices. The Lower Room will be appropriated to the General Auction and Commission Business in all its various branches, and at as low a rate as it possibly can be done. As for Promptness, I presume no one can complain. As for References, you can select any one in our City.

PUBLIC MEETING.

The citizens of Milwaukee opposed to a Grant of the Public Lands to the Rock River Valley Union Rail Road and opposed to having the Public Domain given away to Corporations and Speculators, and in favor of giving it to Actual Settlers, are requested to meet at METROPOLITAN HALL, on Tuesday evening next, at 7 o'clock.

March 27, 1854.

THE MEETING TO-NIGHT!

The Electors of Milwaukee are invited to assemble at Metropolitan Hall *this* (Tuesday) evening to consider the question of giving away the Public Domain in aid of Private Corporations and for the advancement of Private Interests, and to record their protest against any and all such schemes for squandering the heritage of the People upon reckless speculators and greedy monopolists. The importance of this subject to our City and State should induce EVERY MAN who has at heart the interests of Milwaukee and the welfare and reputation of Wisconsin, to come to the meeting TO-NIGHT and unite with his fellow-citizens of all parties in protesting against the manifold wrongs and glaring injustice of the Land-Grabbing system. Let our Business Men, our Merchants, our Mechanics and Laborers, our Property owners and Tax-Payers, one and all, come up to the Hall to-night and speak out in condemnation of this wasteful, iniquitous and indefensible policy!

LEGISLATURE—SATURDAY.—Senate passed about twenty bills, mostly local. Among the bills was one authorizing the Secretary of State to audit the newspaper accounts at the advertised rates, the list of members furnished, and the number for each, being sworn to by publishers.

Assembly passed some fifty bills. Select committee on Rock River Canal Co. bill reported favorably, with amendments. Among the bills passed were those authorizing Milwaukee to aid the Southern Wisconsin R. R.; and relative to the bayou in the 1st ward.

Also some 20 appropriation bills, among them $9000 for the Deaf and Dumb Asylum.

A bill passed repealing a section in still another Railroad bill which has been tampered with.—Also a bill, taxing Railroads and Plank roads ½ per cent. on gross earnings in lieu of other taxes, was passed, by a large vote.

Nebraska in the House.

The following is the vote, carefully analyzed by the N. Y. *Express*, upon the motion of Mr CUTTING of N. Y. to commit the Nebraska bill to the Committee of the whole. It is generally regarded as nearly, tho' not quite a *test* vote; several members voting to commit, who are supposed to favor the bill. The result, however, in the general judgment, is tantamount to a defeat of the bill, for the present session at least. It will be seen that *all three* of the members from this State voted *right* on this preliminary question. We hope they will continue to vote right on all the stages of the bill. It must be a source of pride and satisfaction to every lover of Liberty in Wisconsin to know that, thus far, in both branches of Congress, our State has cast an *unanimous* vote against the Nebraska Swindle. We annex the yeas and nays in the House, on the motion to commit.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

MADISON, March 24, '54.

In Senate this morning the following bills &c. were passed:

Charter of South Line & Wausau Plank R. Co.
" " Columbine & Mississippi Rail R. Co.
Relative to holding offices in Outagamie Co.
Memorial for mail service.
Charter of Lake Mich & Cedarburg Plank R Co.
" " Richland Mining Co.
Authorizing towns in Marquette Co. to aid R. R's
" dam across La Crosse river.
" Dist. No 1 in Beloit to collect a tax.
Vacating part of a street in Waupun.
Authorizing alteration in Sheboygan & Fond du Lac Plank R.
Vacating Ward's addition to Dartford.
Authorizing dist No 1. in La Crosse to collect a tax.
Vacating part of a street in Beloit.
Charter of Rock Lake Seminary.
Legalizing oath of office of Geo. Cruikshank.
Concerning Chippewa county officers.
Four concerning state roads.
Appropriations to A. D. Seaman ($54)—W. A. Wheeler (48,50)—Klauber & Co. (12,95)—P. Hiner (16)—D. S. Durrie (24,84)

The Senate had under consideration for some time the general tax Bill, but no question was taken.

In Assembly, about a dozen bills were presented during the morning hour, none of any great importance. Mr. Reinhardt gave notice of a bill authorizing the 2nd ward of Milwaukee to issue bonds, for some purpose not stated.

Mr. O'Neill Reported back a bill authorizing the building of a bridge from the foot of Milwaukee, St. to the 5th ward, after an affirmative vote of the people of the 1st, 3d, and 5th wards.

The following bills passed, under suspension of the rules; appropriations of $100 each to Schoffler & Wendt, and J. D. Reymert.

Charter of Potosi Mutual Insurance Co.

Mr Kyle moved to suspend the rules to put upon its passage, a bill authorizing counties and towns to aid the Lake Shore R. R. Co. The Speaker enquired if Ozaukee Co. was in the bill, and finding this was the case, expressed his intention to debate the bill, and it went over.

A bill coming back from the Senate amended, being the charter of the Young Men's Association of Watertown, the question of concurrence was put. Mr. Bernhardt voted *aye* and about a dozen other members *no*, whereupon the Speaker declared the amendment *concurred in!*

The following bills were disposed of, on their 3d reading:

To purchase a map, giving the located railroads of the state.—*passed.*

Punishing interruptions of public meetings—*passed.*

Repealing a section of the Wisconsin Improvement Co.'s charter which authorizes the Legislature to repeal that charter—*passed.*

Legalizing organization of town of Amherst—*killed.*

Repealing the act prohibiting Supreme Court Judges from sitting in certain cases—*killed.*

Concerning fences—*killed.*

The resolutions endorsing the National Administration were *not* referred to a select committee, as I stated yesterday. Such a motion was carried, (by the Clerk,) in committee of the whole, but coming to the House this morning, Mr. Hull proposed to debate it, and the matter went over.

The defunct Biennial Sessions, Kenosha Guards and Impeachment Senators bills, were revived to-day by motions to reconsider, which lie over as eliciting debate. Time was, that when the brains were out, bills would die, but it is not so now.

Mr. Colley introduced a resolution recalling from the Senate the bill chartering the Fox Lake and St. Croix Railroad Co., which was passed by the Assembly yesterday morning, after being materially amended. It appears that somebody has undertaken to assist the Legislature in its duties, by cutting off all of the Assembly's amendments before the bill reached action in the Senate. Mr. Hull moved to add the Newport and Menasha R R charter, which had been likewise tampered with. Mr. Worthington supported the resolution, denouncing the unknown offender as a "prowling, marauding robber." Mr. Hull informed the House as to the sections interfered with, and asked for the investigation as a matter of justice to the House, and to the railroad committee.

Mr. Noggle made an earnest speech in favor of the resolution, in which he said that he believed there were "more than one prowling *Si-oxes* about the House." Messrs. Hale and Knowlton took this as an imputation upon A. F. Pratt, the Wisconsin's correspondent, and insisted that the charge ought to be made definite, if it was intended at all. To this Mr. Noggle replied that he had used the word '*Si-ox*' as the well known word for "Sioux," a prowling, marauding tribe of Indians, and he thought the word very well described some of the characters prowling about this Legislature. He said he did not choose to give all of his reasons for using the term, though he might, if he was pressed to it.

Mr. Worthington stated that in the strong language which he had intentionally used, he had had no reference to Mr. Pratt whatever. He certainly *did* suspect some one person, but did not wish to say who that person was.

The resolution was adopted, and, after a while, when the two bills came back from the Senate, Mr. Hull, from the Railroad Committee, moved to postpone the bill indefinitely. This was resisted by Messrs Knowlton, Noggle and Worthington, as an unnecessary punishment of the innocent friends of the bill for the sins of scoundrels unknown, and the bill was finally referred to the railroad committee with instructions to repair the damages.

Is not this a pretty state of things? It is absolutely unsafe for a member who has any interest in a bill to lose sight of it for a moment until its final passage, for there is a gang of scamps about here, used to the secrets of legislation, who make no scruple to alter bills to suit themselves or their particular friends. A bill ought to be, and I think will be introduced, making this tampering with bills a felony—a state Prison offence.

On motion of Mr. Hull, the Rock River Canal Bill was taken from the file and referred to a select committee,—Messrs Hull, Noggle, Davis, Kyle, and Allen. The lobby in the interest of this bill, among whom are Mr. Kilbourn and Judges Jenkins and Brown,—are indefatigable in presenting it to members in the fairest possible form, and many members seem to be apprehensive that it will pass. I do not yet believe it; and I have not yet been convinced that there is any good reason why this Company should not go into the Courts to prosecute its claim, if it has one; or why, if under present laws it cannot go into court, the law should not be amended so as to enable it to do so; or why, if the Company fear that the state will, at some future day, claim damages against them, this Legislature should not, once for all, give the company a quit claim from all such real or fancied danger. Just here, in the last week of the session, it does not seem safe to act upon a bill which contemplates a *possibility* of involving the State to an amount variously estimated at from $30,000 to $80,000, the bill having received no examination, and undergone no discussion up to this date. This vexed question ought to be settled somehow.

In Committee of the whole, a large number of bills were read (by title) and, on rising, ordered engrossed. The most important was one appropriating $9000 for the Deaf & Dumb Asylum, part for building.

In the afternoon, a communication from A. F. Pratt was read denying the imputation which he thought made by Mr. Noggle upon him, (and this in pretty sharp language.) Mr. Noggle said that he had already, as he thought, sufficiently explained that he did not intend to charge Mr. P. with the mutilation of the bill referred to, and moved that the communication be returned to him. The motion prevailed.

Leave of absence was granted to somebody, upon which the Speaker reminded members that three fifths of the Assembly must be present to pass appropriation bills.

The House then went into committee for an hour and a half and worked through 17 bills in the usual manner, all of which, on coming to the House were ordered engrossed, except two, which were laid aside as eliciting debate. Among those ordered to a 3d reading were three relating to our city,—one relative to the bridge from Milwaukee St. to the 5th ward—another increasing the amount which may be issued in bonds for railroads—and the third for filling the bayou in the 1st ward.

The House adjourned to 7 P. M. to take up the Capital Punishment Bill.

On assembling in anticipation of sundry long speeches, Mr. Orton moved a resolution restricting speeches to 10 minutes. This carried, in spite of remonstrances from Mr. Lees. Mr. Lees now moved the previous question, and by a close vote Mr. Knowlton's substitute bill,—prescribing the penalty to be death after imprisonment of 10 years—was ordered to a 3d reading, in a desperate hurry. Mr. Hull moved to suspend the rules to put the bill upon its passage, and here Mr. Worthington got the floor and spoke for his 10 minutes, and spoke well too, in favor of the policy and right of capital punishment.—The previous question was called for again, but withdrawn, and Mr. Orton spoke against the substitute bill, Mr. Lake spoke on the same side.—Messrs. Knowlton, Garry, Scott and Remmington sustained the substitute, and it passed 36 to 27. On a motion to reconsider, Mr. Webster, after a deal of trouble got the floor, and went ahead, in spite of much interruption, and in a good deal of excitement. No use, the dodging bill was passed.

THE LAND GRAB DEFEAT IN CONGRESS.

Brief History of the Campaign.

WASHINGTON, March 19th.

Messrs. Editors:

You have already learned by Telegraph and otherwise of the final defeat of the R. R. U. V. R. R. bill, and in a matter of so much interest and importance to your readers and the State generally you will doubtless be glad to learn all the particulars of the memorable contest which preceded this glorious result. The measure was launched upon the full tide of legislation at the commencement of the present session, under the most favorable auspices, and with every omen of success. Petitions, containing thousands of names, had been presented to Congress in its favor. How all these names were procured, or where they all came from, it is impossible to say. That they were all obtained in favor of this specific and solitary grant, I am slow to believe; and when the memorial of the State Legislature on the subject comes to Congress in a *mutilated state*, and without the executive signature and approval, it may not be considered a want of charity in me to listen to the intimation that has been thrown out, that the ingenuity which could abbreviate *one* document, could enlarge another.

This grant, however, seemed to have the assent and approval of all parties. The Wisconsin delegation was supposed to be unanimously in its favor, and no dissenting voice or remonstrance came up from any part of the State. If all did not favor it, it was supposed that all would be disposed to acquiesce in it, as so strongly established in the popular approval as to make all opposition to it hopeless; and also as the first and precedent of a course of measures which were designed to benefit the State. I may add too, that Wisconsin is a favorite State, with almost all of the representatives from the different sections of the country. Her unexampled growth; the intelligence and enterprise of her population; her rapidly developing resources; her great extent of territory; her peculiar position, lying between the great lakes; and the large foreign immigration within her borders, have together given her, in the public regard, a consideration and importance commensurate with the bounties of providence and her great natural advantages.

The general feeling in Congress was to favor any project which seemed calculated to advance the interests and increase the prosperity of your rising State.

Under these circumstances, the R. R. U. V. R. R. came up in the Senate. The Senators from your State were, as they supposed, under *positive* instructions to promote its passage. One of them (Mr. WALKER) had on a previous occasion, been subjected to severe censure, and to the most violent denunciation, for a *supposed* violation of such instructions; and it is not to be wondered at that they were prepared to carry out instructions on this subject, not only in the spirit, but to the very letter. Mr. WALKER made no secret of his opposition to the principle of this bill, but still urged it forward with a perseverance and parliamentary tact, in which he has few superiors in the Senate. The bill passed the Senate without a division and almost by acclamation, and its success in the House was thereby rendered almost certain. The friends of other interests in the State did not deem it advisable to make any opposition to it, and your immediate representative was strongly urged not to endanger the passage of other bills, by a vain and fruitless attempt to defeat this. The outside influence brought to bear upon this measure was enormous, and altogether greater than had perhaps ever before been concentrated upon a single bill. ROBERT J. WALKER, Ex-Secretary of the Treasury, took the lead in the lobby, and went in to the support of the bill with all the ardor of *a deep personal* interest, and the force of his brilliant and powerful mind; and at the last begged and implored members to vote for it, as a matter of great pecuniary importance to himself.

Ex-Senator WESTCOTT, of Florida, has been for months in the employ of the Company, and is understood to have drawn up all the documents which have been required and in all respects to have been its confidential agent and adviser.—JOHN P. HALE, from New Hampshire, could spare the time from his anti-Nebraska Campaign, and did not find it inconsistent with his dignity as an ex-Senator, identified in the popular mind with certain great principles of moral legislation, to come on from New York, and for a *consideration* to go round among members of Congress to give the bill the benefit of what influence he could exert. GOV. TALLMADGE has also been on the ground, making the *fourth* of the Ex-Senatorial lobby in the service of the company, Ex-Representatives, SUTHERLAND and LEVIN of Pa.—SNOW of N. Y. and MOORE of Me. have also been on the ground, and have labored indefatigably to secure the favorable consideration of the bill. The other lobby force has not been inconsiderable or uninfluential. It was understood that the company were fully provided with the *sinews of war*, and if they were liberal of cash, they were much more so of promises and stock. Of course, no exact estimate can be given of the expenses of the campaign, but the knowing ones put them at a high figure.

The chairman of the Committee of Public Lands, Hon. D. J. DISNEY, and almost all the other members of the committee, were warmly in favor of the bill. It had also, by the management of its friends, been put forward as the pioneer of land grants in Congress; and the vote on this was supposed to have an important influence upon, and to be as it were a test of all other grants during the present session. For this reason the sympathy and support of all the friends of such grants, both in and out of Congress, were enlisted in its favor.

There were many persons, it is true, whose suspicions and distrust had been aroused by the peculiar character and standing of those principally interested in it; by the unusual appliances brought to bear upon the passage of the bill; and by the reputed insolvency of the company; and who regarded the bill as a dangerous monopoly, grasping as it did nearly all, if not all, the public lands which upon a fair division would come to the State, for two really distinct and separate roads; one of which, it was conceded, both by nearness of route and as a matter of equal justice, should come down from Fond du Lac to Milwaukee. Many such, I say, felt compelled to go in for the support of this measure, as a matter of policy, or else see all land grants go by the board at the present session. When it is considered that some 120 to 140 of the members are understood to be friendly to the grant of land for Railroad purposes, it is certainly a matter of surprize that this measure was not successful.

Its friends were sanguine of its success, and regarded its passage as fixed as fate itself. The bill came up in its order on Thursday, Feb. 23d. No open opposition had been made to it; but the suspicion had been carefully whispered round, that there was something rotten in the State of Denmark—that a strong delegation from Wisconsin were on their way to represent the feeling of the State, and of the Lake Shore interest especially upon this proposed measure; and that the opponents of the bill had a right to be heard. Upon going down to the Capital that morning I found the delegation from Milwaukee just arrived, and in the rotunda. I must say that I thought, and expressed the feeling, that they were a little behind the time, and that they had only arrived to witness their own defeat. The attempt, however, to put the bill on its passage at that time failed. Upon the call of the House there was not found to be a quorum, and the House went into committee of the whole, which threw the consideration of the bill, under the rules, over to Tuesday, and gave the delegation a little chance. If the delegation were somewhat late, I must give them the credit of improving their time after they *did* reach here and they certainly made as gallant a fight as has ever been witnessed in Washington.

This is conceded by both the friends and enemies of the bill, and if they had been unsuccessful, they would at last have had the satisfaction of having done all that could have been done to avert the catastrophe, and would have been entitled to the thanks of all who are interested in the character and prosperity of the State.

The proceedings of Wednesday, Feb. 27, you have doubtless seen. The attempt to spring the previous question was unsuccessful. LETCHER of Va. made one of the most effective and telling speeches against the bill I have heard in Congress, and it came down upon the House like a thunder clap. He exposed the fraud of the memorial. He showed the injustice of the measure to the Lake towns of Wisconsin. He charged home the insolvency of the company, and challenged an expose of its affairs. He taunted them with the sale of the iron purchased in Europe for the road and with pocketing the proceeds of the sale, and no one of the friends of the Company was hardy enough to get up and defend them against the charges thus boldly made. Mr. CUTTING of New York also came to the rescue nobly, and with his great skill as a tactician, with his clear and sonorous voice, which always arrests attention; with his logical statement and powerful argument, contributed most essentially to the defeat of the bill. Nor should it be forgotten to make grateful mention of the invaluable services of ex-Gov: SMITH, of Virginia, who throughout the whole contest, has stood up manfully and boldly for the true interests of the State of Wisconsin. The bill could not be put upon its passage, at that time, and it laid over till Tuesday, the 14th inst, which was understood to be the eventful day.

I have seldom seen so much interest excited in Congress, upon any question except one of great public policy. The lobby force of the bill was all marshalled, and members of Congress, in getting to their seats, had to run a regular gauntlet, and were not left to their unbiassed judgment after they had got there. The Milwaukee delegation were together in the gallery, looking somewhat pale and anxious. After the morning hour the Speaker announced the order of the day, to be, on committing the Wisconsin Land bill to the committee of the whole. The previous question was put and sustained, by a vote of 107 yeas to 70 nays.

Mr. CUTTING offered an amendment, which could only be received by unanimous consent, to the effect that no patent should issue for any portion of the public lands, until a continuous length of twenty miles of railroad should be completed *through the lands granted*, with the significant threat that unless the friends of the road would accept it, members would be compelled to commit the bill, which would be equivalent to its defeat. At first objection was made to it, but after considerable fluttering and a hasty consultation among the friends, warned by the unmistakeable indications of the temper of the house, in sheer despair they concluded to give way and sent word to Mr. DISNEY that they would accept it, who so announced to the House, and by general consent the amendment was made part of the bill. It was now deprived of one of its most objectionable features, and had it been also amended, so as to divide the proposed grant, it would undoubtedly have passed. But some persons prefer the doubtful chance of a whole loaf to the certainty of a large half, and one of these very emphatically remarked to me a day or two before, that he "would be ——, &c., but that he would have the whole or none."

The question was then put on referring the bill to the committee of the whole, and decided in the negative—yeas 86, nays 95. Mr. DISNEY then made a few remarks in favor of the bill, in the course of which he was interupted most pertinently and effectively by Mr. LETCHER and concluded by moving the previous question.

The question upon ordering the bill to be engrossed and read a third time was then taken and decided in the *affirmative*—yeas 90, nays 87.—This was regarded as a test vote and the anxiety on both sides was extreme. The motion was then made to reconsider the vote ordering the bill to be engrossed, and to lay this motion on the table. Upon calling the roll the following result was announced—yeas 92, nays 91. The Speaker, under the rules, gave his vote in the negative and the motion was *lost*—there being a tie in the vote. The agitation of the friends of the bill was now at its height and they were seen going from desk to desk to make a final rally in its defense. The expression on the countenances of some gentlemen was decidedly complicated, alternating from a deep suffusion to rather a pale cast; and the attempt to look contented and happy was really distressing. The House again refused to go into the Committee of the whole.—Mr. DISNEY was seriously alarmed and moved to recommit the bill, fearing to put it on its passage, and thus making confession of weakness; but afterwards *withdrew* the motion, which proved to be a fatal mistake. Mr. JONES of Tennessee immediately moved to *lay the bill on the table.*—The Speaker was called upon to enforce the rule that no person shall stand by the Clerk's table while the yeas and nays are being called. The question was then taken on Mr. JONES' motion, amidst the breathless silence of the House, and it was decided in the *affirmative*—yeas 97, nays 94!

The excitement was now intense and the opponents of the bill began to breathe freely. Mr. LETCHER moved to reconsider the vote, and lay the motion on the table. Sundry motions were made to go into the Committee of the whole and to adjourn, but they were lost. All the devices of legislation were invoked to prevent the final and fatal blow, but they were ineffectual. Mr. DISNEY begged and implored members to take *one* night for reflection, before they killed the bill. The request came with a poor grace from one who had moved the previous question time and again, and who from the first had shown a determination to cut off all debate, and all amendments, and to force the measure through the House without any explanation or discussion, and without giving its opponents a chance to be heard. He was called vociferously to order, and compelled, after making ineffectual attempts to be heard, baffled and growling, and in a furious rage, to take his seat. The House pertinaciously resisted all attempts at postponement and delay and manifested the dogged determination of seeing the last of the bill. Mr. LETCHER'S motion was then put and *carried*—yeas 93, nays 85, and so the bill was *finally lost.*

At half past three, after the most exciting and stormy day of the session, the House adjourned. The opponents of the bill then repaired to BROWN'S and had a quiet set down together at dinner, and if they felt particularly good and somewhat happy, I could not find it in my heart to blame them. It was certainly, under all the circumstances, a most remarkable and masterly triumph, and gentlemen could hardly realize the success, which had crowned their efforts.

It is easy to speculate on the causes of the defeat of the bill, now that all is over. Apart from the opposition to all land grants upon principle, there was, first and foremost, a pervading distrust of the soundness and the character of the R. R. U. V. R. R., and of those principally interested in it, and a reluctance to give the large grant asked for, to be in any way an endorsement of their credit and solvency. Again, there was a strong feeling of sympathy for the Lake Shore towns, and an unwillingness to do anything to injure their interests, or to give the aid of Government to any competition against roads which had already been commenced and carried forward by individual enterprise and effort. There were other and minor causes which contributed to its defeat. The great lobby force employed for the bill, did it no good. It awakened suspicion in the minds of members, and the general feeling was that a matter of great public interest should be left to stand upon its own merits—that the employment of outside influence indicated a deep and secret individual interest which was not apparent on the face of the measure. The presence of R. J. WALKER in the House and his personal appeals to members, increased the odium which attached to it; and lastly the mismanagement of Mr. DISNEY, who as Chairman of the Committee on Public Lands had the bill in charge, but who was sadly lacking in coolness, self possession and the other requisites of a successful parliamentary leader, seriously injured its prospects.

But after all it was a most narrow escape.—The scales seemed evenly poised, and the result was long doubtful. The slightest thing would have turned the scale one way or the other.—Every thing seemed to work favorably for the opposition; no serious mistake was made, and the fullest advantage was taken of every circumstance which could be turned to their account. If the defeat of the bill is a victory for Milwaukee, it is a victory which she may be grateful for and not proud of. She has been, I must say in all kindness, culpably negligent of her own interests, and I trust her experience in the matter will be a lesson for her in the future, and that she will not leave her delegation unsupported and herself unrepresented upon a question vitally affecting her own interests and the welfare of the State. It is not in my power to speak too highly of the services of the gentlemen who finally came to the rescue; they did all that men could do, and the only wonder is that in the limited time they had, and with every thing opposed to them they were able to do so much. No one could have been spared from the delegation from Wisconsin who opposed the grant. The exposure of the fraud in the memorial by Gov. FARWELL was most opportune and essential in turning the tide against the measure. It has added another to the claims of this excellent ex-magistrate upon the gratitude of the State. The senior Editor of your paper gave us effective aid in a quarter in which he alone could perhaps have operated. The high character and clear statements of Mr. HOLTON made a strong impression upon the minds of candid and disinterested men. Mr. WALKER, well known as one of the oldest residents of the State, and as a high minded and honorable gentleman, by his large acquaintance with members from different sections of the country, and by his connection with one of your Senators, was placed in a position which enabled him to render the most valuable and important service to the cause he represented. He worked with a will and a heartiness which was refreshing to contemplate.

Milwaukee may be able to spare the services of Mr. WALKER, as Mayor, but she could not have afforded to have lost the invaluable support he has given to her interests in Washington. If I mention Mr. NOONAN last, I by no means speak of him as least in the fight. He took the bull by the horns at the start, and held on, with a dogged perseverance and tenacity of purpose peculiarly his own, to the last. Clear headed, sagacious, ready in his address, with great tact and knowledge of men, uniting great boldness with sound discretion, he managed matters with an ability and skill which secured general admiration. He adopted no temporizing, or wire drawn policy, but met the issue presented in as manly and gallant a fight as has ever been witnessed in the lobby of Congress. Messrs. BROWN & OGDEN were in at the death and gave the aid of their presence and effective service at the last pinch.—On the whole, it was a splendid fight, and the invaluable services of these gentlemen should not be forgotten. The bill is, however, defeated, and I think effectually. It may perhaps be revived in some other form, but I have no idea it could pass: Indeed, it is very doubtful if *any* grants can be secured at the present session. The feeling is becoming stronger against them, and the committee have certainly been unfortunate in the choice which they have made of roads as tests of the general principle.

The bill has been defeated, as it were by a chance shot, and after the most strenuous exertions of a few individuals who, I am constrained to believe, have acted not simply for the interests of Milwaukee, but for the general credit and welfare of the State. If the road contemplated by the bill had been built, it would have drained a vast extent of country, some 50 miles in length, of unexampled fertility, which in natural resources and in agricultural and mineral wealth is unsurpassed, down to Chicago. That it would seriously have impaired the prosperity of the Lake towns, crippled their enterprise and permanently and most fatally injured their interests, cannot, I think, admit of a doubt. It would have greatly depreciated the value of the stock, in which Milwaukee, Watertown, Racine, Beloit, Whitewater, Madison and other places have invested money to the amount probably of two or three millions of dollars. It would have given the advantage of an immense grant and of the credit to be derived therefrom, to a road which could not be built by private capital and credit, and in which but few citizens of Wisconsin have now, or ever would have a direct pecuniary interest, and given it this advantage over other and rival roads which have received no assistance from the government, which have been built up exclusively by private means and effort, in which the capital of a vast number of her citizens is invested, and in which all their hopes of individual prosperity and of the improvement and growth of these sections of the State through which these roads run, are centred.

If the bill had passed, I have not the slightest idea that *any other road* would have received the grant of *one single acre* of land during the present session. There are so many other bills of a like nature before Congress, that any proposition to donate lands to any other road would have been met by the suggestion that Wisconsin had received her share; that other states must be provided for, and that when bills for *their* roads had been passed, if there was any more time for legislation, or any more land coming in a fair proportion to Wisconsin,—why that Congress would think about it.

The worst feature of the bill, in my opinion is, that it made the State the trustee of a vast fund for the benefit of a company, which is firmly believed and confidently stated to be in an unsound condition; which has wasted its available means, and has become involved hopelessly in debt. The State would thus to a certain extent, had she accepted this trust, have become responsible for the company, and would have been identified with it; and if the road had not been built and the company had proved insolvent, the credit and reputation of the State would have suffered a severe shock at home and abroad. It is well perhaps, too, that so large a fund is not placed in the control of the State Legislature as an element of agitation, corruption, and political strife. All that the State wants is to be *let alone*—to be preserved from dominion of speculators and adventurers and to be left to the gradual and stable growth which will surely follow from the natural developement of her resources, and the enterprise, intelligence and industry of her people.

HAL.

VILLAINY AT MADISON.—Our Madison letter this morning calls attention to another of those villainous tricks, by which a bill in transit between the two Houses of the legislature was clipped and altered to suit the Lobby outside. It was by precisely a similar operation that the Land Grant memorial to Congress, adopted by our State Legislature in 1852, was fraudulently changed so as to back up the designs of the Speculators and Land Pirates, instead of reflecting the sentiments of the People and embodying the views of their representatives Such an act should consign the perpetrator, as well as his abettors and apologists to the pillory, or penitentiary.

Third Judicial Circuit.

We mentioned yesterday that Mr. SAMUEL BAIRD would probably be nominated as a candidate for Judge in the Third Judicial Circuit, in addition to those already in the field. We have since learned that Mr. BAIRD has been called out by prominent whigs and other citizens of Dodge County, and has consented to take the field. Our informant says that Mr. BAIRD will receive a large majority in his own county (Dodge) and that his friends are sanguine of his success. Mr. BAIRD has been a resident of this State for six years; is a gentleman of good abilities, high character, and considerable legal experience; and if elected Judge would fill the office ably and reputably. The election takes place on Tuesday next.

NEW HAMPSHIRE DEMOCRACY VS. THE HOMESTEAD.—The Washington correspondent of the Concord *Patriot*, Gen. PIERCE'S "home organ," has the following reference to the Homestead Bill:

The Homestead bill giving the public lands to actual settlers, and to a great extent depriving the old States of all interest in them, has passed the House—107 to 72. *The entire vote of the New Hampshire delegation, I am happy to say, was recorded against it.*

THE PUBLIC LANDS.—In the Senate, on the 21st instant, Mr. Hunter, of Virginia, gave notice that he would introduce two bills—one providing a permanent system of grants of lands for railroad purposes on certain conditions, and the other designed as a sort of substitute for the Homestead, graduating the price of the public lands and ceding them to the States on terms set forth in the bill.

LA CROSSE RAIL ROAD.—Since the arrival of Mr Clinton in town, another agent of this Rail Road, has procured in two weeks in Marquette County upwards of $20,000 subscription to the road. A letter has also been received at the company's office, urging Mr. Clinton to visit a village in Columbia County, where the inhabitants pledge themselves, to subscribe $20,000 to the road.—The increase of business, and the number taking stock in the road in N. York, has induced the company to establish a transfer agency in N. York, so that stock can be transferred there without the trouble of coming or sending here.

Anti-Nebraska Meeting at Hartland.

At a large and enthusiastic meeting of the citizens of all parties of the North Senatorial District of Waukesha county, held at the School House at Hartland, on Saturday, the 18th day of March inst., SYLVANUS WARREN was called to the Chair, and H. WATERMAN, elected Secretary.

On motion of Alfred L. Castleman, it was resolved, that the object of this meeting, is to consider the Nebraska bill—now pending before Congress—and our duty as citizens.

On motion of Alonzo North—Joseph Kay, George Cairnecross, Richard Griffin, and Alfred L. Castleman, were appointed a committee to report resolutions expressive of the sense of the meeting. In the absence of the committee, speeches were made by E. G. Benjamin, Johnson Sperry and others.

The committee reported the following resolutions:

Resolved, That we protest against the Nebraska bill, because it deprives the Free Laborer both of the North and South, of territory set apart by solemn compact, to Freemen and Free Labor; and because it seeks to legalize Slavery in territory belonging to the United States, and under the jurisdiction of the General Government.

Resolved, That we deprecate the passage of this bill, because it is unqualified falsification of the records of the United States; because it is insulting to every honorable feeling of Freemen; because, in the present crisis of the world's history, it is a deliberate siding with the despots of the old world in their crusade against Liberty.

Resolved, That a copy of these resolutions, be forwarded to our State and United States Representatives, urging them to use their best efforts to defeat the bill, and assuring them, that we shall watch with deep solicitude their conduct in reference to it, and their whereabouts at the time of taking the vote thereon.

After some remarks on the resolutions, the meeting adjourned to meet at the same place, on Wednesday next.

WEDNESDAY, March 22.—Meeting called to order by Chairman. In the absence of the Secretary, JEREMIAH NOON was appointed Secretary pro tem.

The consideration of the resolutions was then resumed, and after sundry speeches, which were enthusiastically received, the resolutions were adopted *unanimously.*

C. Simonds, J. M. Hall, Richard Griffin, and Wm. Russell, were appointed a committee to attend to the publication and the forwarding of these proceedings, without delay, to our State and United States Representatives.

SYLVANUS WARREN, Chairman.
JEREMIAH NOON, Secretary pro tem.

City Matters.

POLICE COURT—March 27.

The case of the state vs Scott, *et als*, came off this morning, the District Atty entered a *nol pros*, and the defendants were discharged.

The case of the state vs Luther May came on, the defendant pleading guilty—stating that the complainant—Henry J. Deguenther told him he lied and he struck defendant. Fined $5,00 and costs.

Milwaukee Firemen.

This play got up at a heavy expense and expressly to gratify the Firemen &c. of Milwaukee, will be repeated this evening, for the last time at Young's Hall. The acting on Monday evening was admirable and was loudly cheered. The eulogy upon the Fireman, by his adored is most excellent. The March Troupe deserve a bumper to-night—their last in the city. Firemen, will you not give it to them? For your particular gratification the play was got up. Return the favor.

The Spring Street Bridge.

We are glad to know that the difficulties, in regard to the Spring St. Bridge, are finally and satisfactorily settled. Messrs. E. H. BRODHEAD, W. S. TROWBRIDGE and O. SCHWARTZ, who were appointed a Committee to examine the new Bridge and report as to whether it answered the contract, submitted that report last evening, which was to the effect that the Bridge, as far as completed, was in conformity with the plans and specifications adopted by the Council. This report was unanimously adopted by the Bridge Committee. The structure therefore becomes City Property. Now let the Ordinance against driving across the Bridge faster than a walk, be enforced rigidly, impartially and without fail, and the new Bridge will do the city service for years to come.

Fishermen Lost—Family in Distress.

We mentioned a day or two since that a fishing boat with three men in it had been blown off into the lake by the violent gale a fortnight ago and had not since been heard from. The persons in the boat were ABRAHAM SLOCUM, aged about 45, his son 16 years old, and JAMES SINCLAIR, single man, 25 years of age. They were blown off from Whitefish Bay and were last seen in the afternoon of the 17th, by the schooner *Lilly*, which endeavored in vain to go to their relief and lost sight of them in the howling storm. It is supposed that the boat was swamped and the men all drowned, during that fearful night. Slocum leaves a wife and seven children, one born within the last week, and all dependent upon his exertions for the means of support. This sudden death leaves them destitute and in sad distress. They live at Whitefish Bay, 3 or 4 miles above the North Point. Surely their cry—the cry of the widow and the fatherless for food and raiment, will not be raised in vain in this land of plenty.

TWO MORE LAUNCHED.—There will be two vessels launched during the present week. One of them the schooner Napoleon from the ship yard of Captain Barber. The other will be from the ship yard of Captain Jones just below that of Captain Barber. Next week there will be two more vessels launched, and within two weeks the keels will be laid for two and perhaps three more.

RUN AWAY.—A runaway took place yesterday morning, on the market square. A team loaded with hay, was standing near the post office, when a dray backed against the off horse, causing the team to start. They ran as far as the market house and came in contact with a bakers cart.—The hay was thrown off, the waggon badly broken, and the baker's as well as the team horses, somewhat hurt. A suit was commenced against the owner of the team, to recover the amount of damage done to the baker's horse.

THE BADGER STATE.—Captain HUGH SHORTS left last week to bring up the *Badger State*, which is doubtless by this time on her way up; if so, she will most likely, be the first vessel up from below this season.

REAL ESTATE SALE.—Quarter Block 29, in the First Ward, being 180 feet on Astor Street by 120 feet deep, was sold yesterday by CALEB WALL, agent, for $3200.

☞ We would call the attention of our merchants, visiting Boston this Spring for the purpose of purchasing Hardware and Cutlery, to the advertisement of Messrs. Lovett & Wellington, who are anxious to cultivate a more extensive acquaintance with our traders, and we feel assured that parties giving them a call will find it for their interest to trade, as they are determined to sell in such a way that parties once buying will buy again.

THE WEATHER.—We had a raw, cold day, Sunday, with occasional flurries of snow, and yesterday a fresh, keen, dust-compelling Nor-Wester, with no touch of Spring in its breath and no promise of early navigation in its wintry wail.

☞ The schooner *Emily* is loading with Brick, for Chicago, she will take 45,000, she will leave to-night for Chicago. The schooner Toledo is also loading for Chicago with Brick.

AN IMPROVEMENT.—Our new and efficient City Marshal, JOHN MITCHELL, now requires all loaded teams with Hay and Wood to take their stand on that part of Market Square, north of the Hay Scales; extending, if need be, up Biddle Street. This leaves the south-half of the Square, and the vicinity of the Post Office, free from the crowds of teams which have heretofore, at times, blocked up the passage.

MAP OF MILWAUKEE.—We saw yesterday, at the Banking House of Messrs. G. PAPENDIEK & Co., a new map of our city, designed and admirably executed by Mr. C. BLAUEL, a German Engineer who has recently come among us. It is six feet square and contains all the Lots and their size—the Streets and Alleys and their size, the Hills, Rivers, Rail Roads, Gas-works, the old profile of the Streets, shown by blue numbers on the corner of every Block; the new grade of the Streets, ordained by the Common Council, shown by red numbers on the corner of every Block; the Churches and Schools, the public buildings, the Engine-houses, the Banks, the Consulates, the Orphan Asylums, the Dispensaries, the news paper offices, the principal Hotels, the Rail Road Depots, the Piers, the Bridges, &c.

Mr. BLAUEL intends to have it lithographed, or engraved in New York and hopes to have copies for sale here in a few weeks.

CHOICE FRUIT TREES, SHRUBS &c.—Mr Converse Randolph, Columbia County, where he is well known as an extensive dealer in fruit trees of all kinds, left here yesterday morning for St. Katharines, Canada, and will return in a few days with a large assortment of trees of all kinds. The shrubbery will be from the Hamilton Nursery and the trees including all kinds of Apple, Pear, Quince, Siberian Crab &c &c. from the well known Nursery at St. Katharines. We shall notice his return here in due season.

The Salaries of School Teachers.

Mr. Editor,—I notice by the Sentinel, whose editor is one of the Commissioners, that the excuse given for not paying the Public School teachers higher wages the last year, was the want of means to do so. If the excuse is a good one for the last, it is not for the course intended to be pursued the present year, as a few figures will show conclusively.

So says an anonymous correspondent in last evening's *Wisconsin*. Now inasmuch as "the course intended to be pursued [illegible] year has not yet been decided, or [illegible] by the Board of School Commissioners, no "excuse" is needed; and no reply necessary to "figures" which, "show conclusively" what nobody denies; to-wit, that the Board have the means to raise Teachers' salaries for the coming year.

☞ The alarm of fire about 8 o'clock last evening, was caused by the burning of the marsh along the Menomonee.

For the Daily Sentinel.

The Next State Fair.

EAST WATER ST., March 27, '54.

Messrs. Editors:

We notice in your paper this morning a statement, that by prompt action the location of the State Fair for the coming season, can be fixed in Milwaukee. The benefit derived by our city and citizens generally, has been once before experienced. We would respectfully suggest a call for a meeting of the Board of Trade at an early day, to consider the subject, and it might not be amiss at the time to call the attention of His Honor the Mayor, and the Honorable Common Council, to the subject of an appropriation for the object. On the part of ourselves (and undoubtedly many other merchants, Hotels, &c would fall in) we will agree to give towards the fund, *Twenty Five Dollars.* Trusting some decided action will be taken soon,

We are, respectfully,
HENRY J. NAZRO & CO.,
Hardware & Iron Merch'ts.

People's Candidate for Circuit Judge of the 3d Judicial Circuit.

To the Voters of the 3d Judicial Circuits.

On the 4th day of April next, the voters of this circuit are to elect a Circuit Judge in the place of Judge Larrabee whose term of office will expire this year. During Judge Larrabee's term of office he has failed to secure the confidence of the people. A Democratic Convention held at Fox Lake on the 21st inst., nominated Andrew M. Blair, of Ozaukee. Of him, we know nothing, good or evil. We are not satisfied with either of the candidates now before the people We therefore, with his consent, recommend SAMUEL BAIRD, of Juneau, Dodge Co., as the most suitable and best qualified person in the Circuit for this important office. We know him to be "Honest, Capable and Faithful" and worthy of the fullest confidence of the voters of the Circuit.

We pledge him our individual support and will use all honorable means to promote his election. And we earnestly appeal to the voters of the Circuit for their hearty co-operation with us in our efforts.

LAND GRANTS IN CONGRESS.—The letter in this morning's *Sentinel*, from our Washington correspondent, gives a long, but interesting history of the discussion and final defeat of the bill, giving away two or more millions of acres of the Public Lands to the Rock River Valley R. R. Company for private purposes.

COMMERCIAL.

REVIEW OF THE MARKETS.

FOR THE WEEK ENDING, MARCH 28, 1854.

OFFICE OF THE DAILY SENTINEL, MILWAUKEE, March 28, 1854.

General Business has been quiet during the past week the month of March being usually a dull one. Receipts of produce are diminishing, Farmers are busily engaged at home preparing for their Spring labors, and our Merchants whose stocks are pretty well cleaned out, are pushing off to New York and Boston to purchase new supplies.

Since the arrival of the *Pacific* our market for Breadstuffs has recovered its tone, and is again active at an advance. Good brands superfine FLOUR are now held at 5,75 @6,00; an improvement of 50 cts. on the prices a week ago; Family Flour retails at 6,75@7,00. Large lots of mixed WHEAT have changed hands at 1,18@1,23 ⅌ bushel. Very little can be had under outside figures. We note a sale yesterday of 15,000 bus at 1,19, which sold a week ago at 1,15. Choice winter of which very little comes into market, readily commands 1,25@1,30 for milling. BARLEY continues in active request at 60@62½ cts. OATS are dull of sale at 28; RYE is steady and in good demand at 70@75 cents, and CORN meets ready sale at 43@45.

HOGS have almost ceased to come in, and the last lots have been taken at 4,50@4,75. The amount of Pork, Lard, &c., packed and in store here is not much short of 30,000 bbls. We have the following information as to the amount packed in the country at large:

Cincinnati, March 21.

The *Price Current* publishes its final report of the hogs packed in the West, showing a net increase to the number of 333,000, being equal to 15 per cent over last year. The report embraces 260 points, and is the fullest ever published.

The following table shows the export of Flour and Wheat up to the 21st instant from New York, and to the dates named from other points:

☞ Exports of Breadstuffs from the United States to Great Britain and Ireland, since Sept. 1st, 1853:

There is a good deal of speculation as to the opening of navigation round the Lakes. Till within a week or two, appearances all indicated an early opening, but the cold weather and snow squalls of the last few days and the accumulation of large fields of ice at the lower end of Lake Erie make it doubtful now whether vessels from this Lake can get round to Buffalo much before the 20th or 25th of April. The effect of this is seen in the withdrawal from market of several vessels which are here seeking freights and whose owners now ask higher figures. The latest contracts have been, for vessels here, 15 cts ⅌ bus, first trip to Buffalo, and one or two vessels, now below, have been contracted at 21 and 22 cts ⅌ for two trips.

PRODUCE IN STORE AT MILWAUKEE.—We published on the 2d instant an accurate statement of the amount of produce in store here on the last day of February. The following table, founded upon that statement and the receipts of produce during the current month, shows very nearly the aggregate amounts which will be in store here on the 31st of March:

Flour, bbls	40,000
Pork, Lard &c bbls	30,000

Wheat, bushels	455,000

NEW YORK, March 27.

No signs of the *Africa* at sun down.

A letter to the owners of the *Black Warrior*, states that the steamer was to sail on the 24th for New York, direct, but vessel and cargo were released on six thousand dollars fine.

On Saturday afternoon as the ship *Van Guard* was going down the Bay, on her passage to Liverpool, a revolt broke out among the crew. Four of the seamen attacked the mate and one of them drew a sheath knife and with the intent of stabbing him. The mate drew a pistol and shot the man, who had the knife, the ball entering his shoulder. One of the men was in the act of firing from the main top sail—he stepped from the main-yard to main-mast, and losing his balance fell to the deck and was killed. The revolt was soon stopped and the vessel proceeded on her voyage.

In the Supreme Court this morning, in the suit of Luby and wife against the Hudson River Rail Road Co., for injuries to Mrs. L. A verdict of $2,000 was rendered for plaintiff.

Anti-Nebraska Meeting in Ohio.

Cincinnati, March 22.

The State Anti-Nebraska Convention met at Columbus to-day, and was largely attended by all parties. J. R. Swan, of Franklin County, was chosen President. Speeches were made by E. R. Carter, Hon. G. D. Henderson, and others.—Resolutions were adopted denouncing the Nebraska Bill as a breach of the Missouri Compromise; a carefully concerted plan to extend Slavery; a disgrace to an American Statesman to support directly or indirectly; and endorsing the action of the Ohio Senators in Congress.—The Convention is now holding an evening session.

An affray occurred last night between Clark Mills and Col. Mitchell, the latter, who was the aggressor, was severely injured, being struck on the head with a stool.

Never, never, that we know of; and if we ever did, we beg our friend of the *Empire* to empty the paste pot upon the unguarded sentiment, and "blot it out forever"—*Cleveland Herald.*

CONSUL FOR THE KINGDOM OF SAXONY.—We learn that our fellow citizen, F. Borchardt, Esq., has received the appointment of Consul for the Kingdom of Saxony. The new appointee is worthy of all the honor the trust is calculated to confer, and we sincerely hope that the profits of the office will not be confined to this peculiar description of revenue.—*Manitowoc Herald.*

The County Court Unconstitutional.

MADISON, March 23, 1853.

THE NOMINEE.—This boat left for St. Paul yesterday, being the first for that destination this season. She has been thoroughly repaired, and under her commander, Capt. Blakeley, will do her part in accommodating the travelling public, and sustain, we have no doubt, her present well-won fame. She went out literally filled with passengers.—*Galena Gazette, March* 22.

DEFEAT OF THE VALLEY ROAD GRANT.—The Wisconsin Land Grant Bill was *tabled* in the House of Representatives on the 14th inst. This action has probably killed the measure beyond resuscitation; a result which will give pleasure to all who have weighed the merits and reputation of the company to whom it proposed to Legislate exclusive benefits.—*Manitowoc Herald.*

MISCELLANEOUS.

To Real Estate Agents and others.

THE SUBSCRIBER, desirous of settling in Milwaukee, offers to exchange or sell his Real Estate for Property in this City, or Farms in this State. Said Estate is situated in Ann Arbor, County Seat of Washtenaw County, Mich., 38 miles west of Detroit, on the Michigan Central R. R., and well known as the handsomest and healthiest city on the line. Its population is about 6,000, and it is the most pleasant and thriving business City in the State, being the site of the Michigan University, Medical College and Observatory, which receive every year over 1,000 Students from every part of the Union. Its Water Privileges and surrounding Farming Country are second to none in the State.

The property offered is a New Block of Four Brick Stores, Stuccoed and Finished throughout, known as the Buchoz Block, and will in a short time be the best business part of the City. Adjoining said Block is a Fashionable Brick Dwelling House, finished for my private use, at a cost of about $5,000. Also a well-stocked Lumber Yard, and a Hardware Store, doing now a first rate business. This is a chance seldom met with, for a person wishing to engage in the trade. I will sell with or without said Stock of Goods. Take the Property together, it is the best and safest investment in the city.

QUEEN'S PATENT

PORTABLE FORGE

AND

BELLOWS.

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the Steamers and also by the U. S. Army and Navy.

PATENT MEDICINES.

MEDICATED INHALATION.

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 29th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS,
CARLYLE, June 27th, 1853.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and I have no doubt, permanently so.
SIDNEY BREESE,
Ex-Senator, United States.

VINCENNES, Ind., June 15, 1852.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair.
WILSON KING.

ST. LOUIS, June 29, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.
H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 20, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray.
WM. TRUESDAIL.

St. Louis, September 29, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had twenty years ago.

I commenced using the Restorative weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed. Yours, very respectfully,
N. B. HOLMAN.

BLISSFIELD, June 10, 1853.

Prof. Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live.
S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Sall county, Illinois:

OTTAWA, Ill., August 21, 1853.

Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.
Very respectfully, yours, R. THORN.

HIGHLY IPMORT ANT ANNOUNCEMENT.

To the Afflicted Everywhere,

DR. A. L. ADAMS' LIVER BALSAM COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immured in darkness and ignorance on the subject of disease.

DR. A. A. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered to the afflicted of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c.

Dr. A. L. Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered! (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted everywhere.

Testimonials come up from every track it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease, and at once procure one bottle of Dr. A. L. Adams' Liver Balsam.

The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States, giving a clear epitome of the causes and cure of disease; also, of certificates of those who have tested its unparalleled ascendency over the diseases to which we are all subject.

THE BUFFALO EAGLE IRON WORKS CO.

Propose to pay Particular attention to

Architectural Iron Work.

WE are prepared to Manufacture IRON FRONTS for Stores and Public Buildings, with the

Patent Fire Proof Rolling Shutters.

These Shutters are the same that are now so generally used in New York, and may be put in any Window, Small or Large, and if arranged before erection of the building, may be used without in the least affecting the style of Architecture. They make the only perfect Fire Proof Shutters, and do not appear to the eye when rolled up.

When desired we will furnish the Plan for Store Fronts, (with or without the Patent Shutter,) with estimate for the Cost of the work finished ready for delivery. To our Western friends we think this arrangement will be desirable, for they thus are enabled to know without experiment what the Front is to be, and what it is to cost.

When the Patent Shutters are used we will furnish a man to superintend the erection of the Iron Front and the setting of the Shutter.

PATENT MEDICINES

DR. URBAN'S ANTI-BACCHANALIAN ELIXIR:

A Safe and Sure Remedy for the Cure of INTEMPERANCE.

IT is not in the least injurious to the system. It is pleasant to the taste, and will cure the hardest cases of intemperance. We *warrant* it, in all cases, if taken according to directions. It destroys the desire for all ardent spirits when strictly taken according to directions, and will restore the individual to the same state of sobriety in which he was before he ever drank a drop of the ardent, and he will not have the least desire for intoxicating drinks.

Intemperance is a disease; and as such the greater the excess in drinking, the more speedily is the disease developed, and to such the Elixir is presented as the balm of Gilead—the oil of consolation, peace and perfect restoration.

The more fully developed is the disease the more salutary and powerful the effects of this Elixir, at once destroying the appetite for spirits, and restoring the tone of the stomach to as healthy an action as it was before drinking a drop of ardent spirits; and when intemperance has assumed this diseased form, reason is measurably dethroned, the will to a certain extent becomes ungovernable, until often, alas! many have passed the bounds of sober restraint, and though they may desire, in their sober moments, to abandon the use of that which is so rapidly proving their bane, they cannot, unaided, and no aid has ever been tendered such, with success, until the discovery of Dr. Urban's never failing Anti-Bacchanalian Elixir; since which time none are left without excuse, as the means necessary to destroy the taste, and again enthrone reason, bringing the will into perfect subjection, by extracting the poisonous sting and temptation of the adder, are placed within every man's reach: those, therefore, who hereafter fill the grave of the drunkard must do so by choice, and not of necessity—it matters not how near it you may now be.

As the Elixir is a most powerful purifyer of the blood, the seat of all diseases, it has been used with great success, and is highly recommended in cases of Delirium Tremens, Dyspepsia, Epilepsy, Neuralgia, Liver Complaints, General Debility, Piles, and all kinds of Fevers. It is the best alterative known.

☞ The Anti-Bacchanalian is neatly put up and labelled, with full directions accompanying each bottle. Price $3 per bottle. On the receipt of the above sum it will be sent, free of charge, to any part of the United States. All letters to be prepaid. To be had from all the principal Druggists in the United States.
URBAN & DIDLAKE, 35 Third Street,
Louisville, Ky.

Dr. Urban's Vegetable Fever and AGUE POWDERS

The only sure remedy ever known for Chills and Fever, and warranted to cure, in all cases, if taken according to directions.

It cures, when taken according to directions, in TWENTY MINUTES, leaving no Fever after the Chill; very seldom requiring more than ONE DOSE to make a PERMANENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has never, as yet, returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or less, and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used. It has superseded all other preparations wherever it has been introduced.

Read what the Editors of the Louisville Democrat say from their own observation:

"Dr Urban's medicine for the cure of chills and fever has effected some wonderful cures in our own midst. A young man who has resided for several years in Louisiana, reached New Albany a few weeks since, weak and emaciated—literally worn out physically, with long continued chills and fever. He made a short stay at the house of Judge Smith, where his old disease continued with no less severity than at home in Louisiana. Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's celebrated medicine, and after taking two powders was entirely relieved and restored to health: He has been well ever since—says his health is now as good as for several years, and is now fast regaining his former vigor and the rosy cheeks he was wont to wear."

This medicine can be had at the manufacturers' Depot, 65 Third St., between Main and Market, Louisville Ky., wholesale and retail. URBAN & DIDLAKE.

☞ On the receipt of $1 the Powders will be sent, free of charge, to any part of the U. States. It may also be obtained of all the principal Druggists in the country

Great New England Remedy

Coughs, Colds and all Lung Complaints!!
HUNTER'S CELEBRATED
Pulmonary Balsam or Cough Syrup,
PREPARED BY
CURTIS & PERKINS, DRUGGISTS,
BANGOR, MAINE.

Proof Positive--Skeptics Read.—Testimony! Testimony!!

HAMPDEN, Feb. 24, 1846.

Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,

I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used in my practice, two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.
BENJAMIN L. POMEROY.

MORTIMORE'S Rheumatic Compound.

THIS truly celebrated remedial preparation, efficacious alike for each and every description of RHEUMATIC COMPLAINTS, is already too well known and esteemed throughout the United States, to require any lengthy notice of its paramount virtues. It ERADICATES this heretofore incurable and distressing disease from the system, and STANDS UNRIVALLED IN THE PHARMACY OF MEDICINE.

We do not propose to make unqualified statements, or to *force a nostrum* before the public, but simply to request those most interested,

SUFFERERS THEMSELVES,

to procure from the Agent in their vicinity, a circular, and not only read the testimony of those who have experienced its invaluable curative powers, but to write to or call upon, the convalescents, so that the statements may emanate from the Fountain-Head—a course which will satisfy the most incredulous, and only by which the reputation of the Remedy is certain of being sustained.—Write also to the proprietors, who will accord every information, and furnish names of undoubted character from every section of the Union, numbering among them some of the most eminent Physicians, Clergymen, Editors and prominent citizens, rendering the reliability and efficacy of the remedy beyond the reach of doubt or distrust.

HENRY'S INVIGORATING CORDIAL.

PURELY VEGETABLE IN ITS COMPOSITION.

THIS INVALUABLE CORDIAL, is extracted from Herbs and Roots, which have been found after years of experience, by the most skillful Physicians, to be possessed of qualities most beneficial in the diseases for which it is recommended, and hence whilst it is presented to the public, as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hoemorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Flour Albus or Whites or for

DEBILITY

arising from any cause, such as weakness from sickness where the patient has been confined to bed for some time, for Females after Confinement, Abortion or Miscarriage this Cordial cannot be excelled in its salutary effects; or in loss of Muscular Energy, Irritability, Physical Prostration, Seminal Weakness, Palpitation of the Heart, Indigestion, Sluggishness, Decay of the Procreative Functions, Nervousness, &c., where a TONIC Medicine is required, it will be found equal, if not superior to any Compound ever used.

TO FEMALES.

Henry's Invigorating Cordial is one of the most invaluable Medicines in the many Complaints to which Females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease and unhappiness among Ladies would exist, were they generally to adopt the use of this Cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.

YOUNG MEN.

That solitary practice, so fatal to the existence of man, and it is the young who are most apt to become its victims from an ignorance of the danger to which they subject themselves, causes

NERVOUS DEBILITY,

Weakness of the System, and Premature Decay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought on themselves Premature Impotency, Involuntary Seminal Emissions, Weakness and Shrivelling of the Genital Organs, Nervous Affection, or any other consequences of unrestrained indulgence of the sensual passions, occasioning the necessity of renouncing the felicities of

MARRIAGE,

lessening both mental and bodily capacity. Hold! Henry's Invigorating Cordial, a Medicine that is purely Vegetable, will aid nature to restore those important functions to a healthy state, and will prove of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.

AS A TONIC MEDICINE,

it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of Recommendations, Certificates, &c., beginning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial," only needs a trial to prove that it will accomplish all we say.

THE GENUINE "HENRY'S INVIGORATING CORDIAL,"

is put up in 8 oz Pannel Bottles, and is easily recognized by the Manufacturer's signature on the label of each Bottle, (to counterfeit which is forgery,) as well as his private Seal on the cork of each Bottle.

☞ Sold for $2 per Bottle; Six for $8; $16 per dozen.

Thos. H. Benton's Great Work.

THIRTY YEAR'S VIEW, of the workings of the American Government. Published by D. APPLETON & Co., New York, and sold exclusively by subscription.

During the last thirty years there has been no important public measure in which this active and distinguished statesman has not taken an able and decisive part, and been familiar with the influences, whether secret or public, which have urged forward or opposed each. He is therefore well qualified to write the history of this period.

This work will be completed in two volumes, the first of which will be published early in the year 1854, and will be brought down to the close of the administration of Gen. Jackson, and will thus form a complete work by itself, containing about 700 double column, royal 8 vo. pages, and a superbly engraved portrait of Senator Benton.

Price $2.50, payable on delivery of the book.

The book of subscription, together with specimen sheets, can be found at the law office of Messrs. TUCKER & GARVEY; and the Agent will soon give an opportunity to persons desirous of subscribing to do so. at their residences and places of business throughout the city and county. jan12

PATENT MEDICINES.

DOCTOR D'S
Old Lock Hospital.

NO CURE NO PAY.
No. 112 Wells Street, Chicago.

The Only Certain Remedy

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells Street, all patients are secure of absolute privacy. The advantages of this system are too well known to need any comment. All who have stood in need of advice or attention from Dr. D. may confide in him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genius, intellect and power—and in no instance has the strictness of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venerial complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising, in their various shades, gonorrhœa, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but to call upon him, to make every thing satisfactory in a moment. Such is the absolute efficacy of the method of cure that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 150 Wells street, and at once place yourself under his care.

☞ Office will be kept open from 9 A. M. until 9 o'clock at night.

All letters (post paid) will receive prompt attention.—Any person wishing a private room until cured can have it by applying to Dr. D. aug5-dlyr

DR. HUNTER'S MEDICAL MANUAL AND HAND BOOK FOR THE AFFLICTED—Containing an outline of the origin, progress, treatment and cure of every form of disease, contracted by promiscuous sexual intercourse, by self-abuse, or by sexual excess, with advice for their prevention, written in a familiar style avoiding all medical technicalities, and everything that would offend the ear of decency, from the result of some twenty years successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added, receipts for the cure of the above diseases, and a treatise on the causes, symptoms and cure of the Fever and Ague, for twenty-five cents a copy; six copies one dollar; will be forwarded to any part of the United States, by mail, free of postage. Address, postage paid, Cosden & Co., Publishers, or "box 196, Post Office, Philadelphia.

"This is, without exception, the most comprehensive and intelligible work published on the class of diseases of which it treats. Avoiding all technical terms, it addressed itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and 'with too little breath to puff,' and 'too little presumption to impose,' he has offered to the world at the merely nominal price of 25 cents, the fruits of some twenty years most successful practice."—HERALD.

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—PEOPLE'S ADVOCATE.

A Presbyterian clergyman in Ohio, in writing of "Hunter's Medical Manual," says: "Thousands upon thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance, (or the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race.—Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

One copy will be forwarded (securely enveloped and postage paid,) on receipt of 25 cents, or six copies for $1. Address, COSDEN & CO., Publishers, Box 196, Philadelphia.

FireKing Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuables from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

ALBANY, Dec. 19, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.
